1 DEPARTMENT OF BEHAVIORAL HEALTH

Mission: The mission of the Department of Behavioral Health (DBH) is to support prevention, treatment, resiliency and recovery for District residents with mental health and substance use disorders through the delivery of high quality, integrated services.

Services: DBH will: 1) ensure that every individual seeking services is assessed for both mental health and substance use disorder needs. 2) develop the ability of the provider network to treat co-occurring disorders; 3) establish and measure outcomes for individuals with co-occurring mental health and substance use disorders as well as single illnesses with recovery as the goal; 4) consolidate and enhance provider monitoring to ensure high quality service; and 5) establish a single credentialing process for both mental health and substance use disorder providers. DBH serves as the State Mental Health Authority and the Single State Authority for substance abuse.

2 PROPOSED 2024 OBJECTIVES

Strategic Objective

Provide oversight of the behavioral health system of care to ensure the delivery of high-quality services

Promote behavioral health wellness through prevention and early intervention services and supports.

Ensure individuals served through DBH-operated community-based programs receive quality services

Ensure individuals served at Saint Elizabeth's Hospital receive quality services to meet their unique needs.

Create and maintain a highly efficient, transparent, and responsive District government.
